

Floor Degreaser

PC
117

A special low suds formulation makes this water based cleaner/degreaser ideal for use in automatic floor scrubbing machines. It eliminates costly work stoppages due to foam build-up in the recovery tank. This product is economical and versatile. Its varied dilution ratios enable its use in a wide range of applications, from heavy duty degreasing to general purpose cleaning. When used in pressure sprayers, it generates cleaning power without over abundant suds. Properly diluted, this product will not harm or remove floor finishes.

Features	-	Related Benefits
Highly concentrated	-	Economical
Aggressive degreaser	-	Heavy duty cleaning
All surface safe	-	Safe for use on floors
Low foaming	-	For use in automatic scrubbing machines
Free rinsing	-	Will not leave dulling soap film
