

Restroom Care

SUDSING CREME CLEANSER

PC
144

The finely granulated pumice and foaming action make this product ideal for cleaning tile grout, porcelain and most other restroom surfaces. The mildly alkaline formula and efficient detergent system provide the cleaning power necessary to remove a variety of soils.

This cream cleanser provides clinging and foaming action that assist in effectively cleaning vertical surfaces. This product may be applied directly to surfaces and scrubbed with a sponge, cloth or brush.
