

Automotive Care

VEHICLE CLEAN

BRUSHLESS POWER WASH SOLUTION

Designed for pressurized vehicle cleaning to remove road film plus oily surface residues without agitation by brushing. Removal of exhaust deposits, soil, bugs, and road film from vehicles is easy. It is free rinsing to reduce spotting. This product is ideal for use in cleaning various types of equipment or other hard surfaces.

Features	-	Related Benefits
Concentrated liquid	-	Economical
Works without brushing	-	Saves time of labor
High dense foam properties	-	Loads of scrubbing suds
Versatile	-	Apply by hand or pressure washer
No harsh detergents	-	Safe on automotive finishes
Soil suspending properties	-	Removes grime and road film

Areas of Use -

- Truck wash, trailers, rigs
- Recreational Vehicles, busses, automobiles
- Off-road equipment
- Locomotives
- Off shore, land based oil rigs

To Use -

Power Washing - Dilute product 6 ounces with one gallon of water (1:25). Using at least 500 PSI, apply from the bottom up with pressure washer. Allow a short time for soil penetration, then power rinse from bottom up. Final rinse from top down.

Brush Washing - Dilute product 1 ounce per gallon of water (1:100) and apply to surface from bottom up. Agitate and rinse working from bottom to top; final rinse from top down.

Do not allow cleaning solution to dry - all surfaces should be rinsed thoroughly after cleaning. See label for complete directions and use only as directed.

Specification Data

Available Sizes -	5G, 55G	Physical State -	Liquid
Color -	Colorless	Fragrance -	None added
Foam -	Dense	USDA -	A1
Detergency -	Excellent	Phosphates -	None
Specific Gravity -	1.06	pH (undiluted) -	12.4
