

Carpet Care

DRI-DRI[®] DRY FOAM SHAMPOO

Formulated with a fast drying water-based solvent/surfactant system, this carpet shampoo uses foaming action to lift soils from carpet fibers. It is designed to foam soils out of carpet pile, suspend them and rapidly dry to a brittle, non-tacky residue for easy vacuum removal. This formula contains optical brighteners to enhance the cleaning function and agents that prevent the redeposit of soils. After shampooing, the carpet dries odor-free. The product can be used in dry foam carpet equipment and in solution-fed rotary machines.

Features	-	Related Benefits
Dense, stable foaming action	-	Lifts embedded soil
Foam dries quickly	-	For fast removal of dirt
Ideal for traffic lanes	-	Keeps carpets looking clean
Less residue	-	Slows resoil rate
Water based	-	User friendly
Lemon fragrance	-	Pleasant to use

Areas of Use -

- Colorfast carpeting
- Foam rubber backed carpet
- Nylon, acrylic, polyolefin & polypropylene carpets

To Use -

For compressed air and other foam generating carpet shampoo machines, including solution-fed, and rotary machines equipped with brush or bonnet; Dilute 1 part shampoo with 15 to 20 parts water. For lightly soiled carpets a dilution of 1 to 24 is suggested. Avoid soaking carpet. Pick-up soil-laden suds with a wet vac. Use Bubble Buster defoamer in pickup tank. When dry, vacuum thoroughly with a beater-brush vacuum to restore the carpet nap. **See label for complete directions and use only as directed.**

Specification Data

Available Sizes -	4/1G, 5G, 55G	Physical State -	Liquid
Color -	Clear	Fragrance -	Lemon
Foam -	Low	Detergency -	Excellent
Flash point -	125°F	Phosphates -	0.2%
Specific Gravity -	1.2	pH (undiluted) -	9.0
