**NEW NAME...  
SAME GREAT SHINE!**

# STARLIGHT

**ULTRA HIGH SPEED FINISH**  
**SUPERIOR UHS FORMULATION**

This proprietary high performance metal interlocked UHS finish with new **SPT - Synergistic Polymer Technology**, which incorporates the best properties of several polymers in a synergy that is unsurpassed to create a uniquely formulated UHS finish. LightSpeed is designed to respond to a UHS or HS maintenance program. Achieving a "wet look" shine, and maintaining that high shine, are the driving forces behind this product. This special formula dries to a high gloss and offers excellent slip resistance.

<b>Features</b>	-	<b>Related Benefits</b>
Sealer/Finish	-	Single product with dual product characteristics
Synergistic Polymers	-	Formulated for durability and "wet look" gloss
Great Value	-	Excellent all-around performance
Responsive	-	Superior response to high speed burnishing
Great initial gloss	-	No immediate burnishing needed
User Friendly	-	Easy to apply, repair and recoat
Premium Quality	-	Outstanding performance
UHS Formulated	-	Compatible with UHS propane, battery, and electric equipment

### Areas of Use -

May be used with electric, battery, or propane equipment in:

- Malls
- Retail stores
- Supermarkets
- Healthcare facilities
- Schools

### To Use -

Apply finish in a uniform, thin coat to stripped floor. Allow each coat to dry prior to applying additional coats.

**For applications, see label for complete directions and use only as directed.**

### Specification Data

Available Sizes - 4/1G, 5G, 55G	Physical State - Liquid
Color - White emulsion	Fragrance - Acrylic
Total solids - 18%	Metal Interlocked - Yes
Initial Gloss - Very High	Traffic Area - High
Slip Resistance - Exceeds ASTM 2047	pH - 8.2
Burnisher Response - Excellent	Specific Gravity- 1.022
Coverage - 2000 - 2500 sq. ft. per gallon
